25             <h2> About Me</h2>
26             <p>
27                 Hi, Im Fatin! A part time student in Sigma School, currently learning
   the fundamental to become a full-stack developer.
28                 Coding has been something that I look forward to learn, despite
   having the majority of my friend hating it as it is not an easy task.
29                 I believe with lots of practices, I can learn more about coding.
30
31                 In my free time, you'll find me cooking with those new recipes i
   found online or doing my embroidery project.
32             </p>
